

10 - 14 HP

## EQUIPMENT

*Standard Equipment V:* engine complete and propeller equipment comprising an adjustable, 2-bladed enclosed propeller of metal, silencer, 1.5 metres exhaust pipe, 1 pipe-bend, blow-lamp, fuel tank with deck bolts and tap, 2.5 metres oil piping, drain cock and strainer, water piping (copper piping), 4 metal foundation bolts for fixing the engine, 1 oil can, 1 eye-bolt and the necessary spanners.

*Spare Parts:* 1 ignition chamber with ignition plug, 1 ignition contact packing, 2 piston rings, 2 distributor nozzles.

*Standard Equipment F:* Engine complete fitted in accordance with equipment V but with a 3-bladed propeller and reverse.

A complete rapid ignition device and air starting valve can be supplied to order at an extra cost.

The 12-16 HP engine with equipment V is supplied with a handwheel reverse, the 10-14 HP engine being fitted with a reversing lever.

## GUARANTEE

We undertake to replace free of charge all parts which become unserviceable through faulty material or manufacture within a period of one (1) year, calculated from the date on which the engine is despatched from the factory. All parts requiring replacement must, however, first be forwarded to our factory freight paid, and will become our property after replacement. The customer must himself undertake or pay for the dismantling and re-assembly of the parts.

Natural wear or damage caused by violence, accident, freezing, careless maintenance, inadequate lubrication and the like is not, of course, included in the guarantee.

The costs for repairs or adjustment executed by another factory without our consent will not be made good.
